

The way opportunities flow like blessings.  
The way the force of a flowing river can move rocks.

The way a chance can be a ticket to more-  
the expansion beyond what was once thought possible;  
the expansion beyond the limitation.

The opportunity to open one's mind to what can be  
and therefore will be;  
to charter new territory of what is yet to be.

A windfall, a knowing, an abundance and a release of- all encompassed  
in the thought of letting go. And in the thought of letting go arises  
the all-encompassing feeling of receiving.

Abundance or lack. Both are illusions created outside of experience.

You choose.

Then confusion clears. Answers reveal themselves so long as you are  
willing to listen; so long as you are willing to let go and follow  
what truly fills your heart with the deepest happiness; so long as  
you trust. All is within faith- faith in the truth of your desires.

That they are yours to experience.

That your deepest core desires are aligned to your highest purpose.

A drop in a river that accumulated just enough water and power  
to push that rock. Thank you for the opportunity.
